SECRETARIAL AUDIT REPORT
For the Financial Year Ended on March 31, 2021
[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Garnet International Limited
901, Raheja Chambers,
Nariman Point, Mumbai - 400 021.

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Garnet International Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on the verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

- A)** We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2021 according to the provisions of (as amended):
- i. The Companies Act, 2013 (the Act) and the rules made there under;
 - ii. The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made there under;
 - iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
 - iv. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
 - v. The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) viz. :-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992.
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **(not applicable to the Company during the audit period)**
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; **(not applicable to the Company during the audit period)**
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **(not applicable to the Company during the audit period)**
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **(not applicable to the Company during the audit period)**

- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(not applicable to the Company during the audit period)**
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; **(not applicable to the Company during the audit period)**
- B)** In our opinion and as identified and informed by the Management, the following laws are specifically applicable to the company as the Company is engaged in the activity of secondary market trading in securities and derivatives:
- a) Reserve Bank of India Act, 1934.
 - b) RBI Regulations on Non-Banking Financial (Non Deposits Accepting or Holding) Companies.
- C)** We have also examined compliance with the applicable clauses of the following:
- a) Secretarial Standards issued by the Institute of Company Secretaries of India.
 - b) The Listing Agreements entered into by the Company with National Stock Exchange of India Limited and BSE Limited read with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
 - c) The Listing Agreement entered into by the Company with Bombay Stock Exchange Limited read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review and as per the explanations and clarifications given to us and the representation made by the management, the company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc as mentioned above, except the following:

- i. The Board of Directors of the Company comprised of less than six directors from August 24, 2020 to March 26, 2021 which was not as per Regulation 17(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
 - ii. The Company delayed in filing the audited annual financial results for the year ended March 31, 2020 and un-audited results for quarter ended June 30, 2020 to the Stock Exchange which was non-compliance under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
 - iii. The Company delayed in appointing the Company Secretary (as Compliance Officer) which was non-compliance of Regulation 6 (1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
 - iv. The Company delayed in intimating to stock exchange about the board meeting held on February 13, 2021, by 2 days which was not as per Regulation 29 (2) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
 - v. SEBI issued SCN under Rule 4 (1) of Securities Contracts (Regulations) (Procedure of holding inquiry and imposing penalties by adjudicating Officer) Rules, 2005 to company and its promoters for non disclosures of disposal/acquisition of shares of Ginni Silk Mills Limited to BSE under regulation 29 (2) of SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. Fine of Rs. 50000 levied on all noticees, which is unpaid till date.
 - vi. The Company has granted interest free loans to its Subsidiary Company in violation of Section 186 (7) of Companies Act, 2013.
- E)** We further report that the Compliance by the company of applicable Financial Laws like Direct & Indirect Tax Laws, including GST etc., has not been reviewed in this Audit since the same has been subject to review under/by the Statutory Financial Audit and other designated professionals.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act;

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members view, if any, are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period no events occurred which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

Note: Our audit was conducted in accordance with Guidance Note on Annual Secretarial Compliance Report issued by the Institute of Company Secretaries of India and in a manner which involved such examinations and verifications as considered necessary and adequate for the said purpose. In light of the restrictions in physical movement due to second wave of COVID 19, we have e-verified the scanned records / documents / statements made available to us by the management through electronic means.

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE DEVELOPMENT

The financial year 2020-21 will be remembered in the years to come with memories of Shock & Awe. In the start of year itself, the world received an unprecedented Shock with Covid-19 becoming a global pandemic, the lockdown of all activities to “Flatten the Curve” and to protect the people from the spread of the virus brought about unprecedented fall in activities. The continued liquidity crunch, uncertain and volatile credit environment and slow economic growth created headwinds. The COVID-19 pandemic and subsequent lockdowns have impacted the businesses and aggravated the prevailing sectoral challenges. Non- Banking Financial Companies (NBFCs), today, are confronted with multiple challenges. The unprecedented business environment has put to test the resilience, prudence and adaptability of any business model and having said that, the fiscal year has been full of learning's.

The Company continues to closely observe the situation. Over the course of last year, vaccination drives raised hopes, whereas renewed waves and new virus variants continue to pose concerns for the outlook. The continued spread of the COVID-19 pandemic and the subsequent synchronized lockdown across major cities in India resulted in shrinking of the capital market lending business.

OPPORTUNITIES & THREATS

Despite the optimism surrounding the ongoing vaccination drive, the recent resurgence in the country's COVID-19 infections has raised the threat of fresh pandemic restrictions. As of April 2021, many states had enforced complete lockdown thus, posing a risk to a smooth economic recovery. Company being a NBFC, having investment in group companies, which are strategic investments and exposed to risk associated with the performance of the group companies. The company is confident to improve its performance on the strength of its long experience and its strong emphasis on the fundamentals. However, strong and stable government at center, the capital market prospect would significantly improve.

SEGMENT WISE / PRODUCT WISE PERFORMANCE

The Company is engaged in investment activities during the year under review, hence the requirement of segment-wise reporting is considered irrelevant.

OUTLOOK

World over, the support from the governments and the central banks, has brightened the global growth outlook for 2021. As per the International Monetary Funds projection, the global economy is anticipated to expand by approximately 6%, on a lower base of estimated 3.3% degrowth. With massive vaccination drives underway, risks to recovery are likely to abate, thus leading to a gain in the momentum of economic activities.

But with the second wave of COVID-19 and the emergence of newer virus variants have made India the new hotspot of infections – adding uncertainty to the anticipation of a smooth recovery. Various multilateral organizations and rating agencies have projected the Indian economy to grow at around 8%. The economic growth is likely to be aided by a very low statistical base, mass vaccination drive and a supportive fiscal stance.

The Pandemic had a severe impact on the Capital market. The Company carries shares and securities in its books. The effect of mark to market profit / losses thereon have been taken into account in the Statement of Profit and Loss for the year. The Company believes that it has taken into account the impact of known events arising out of COVID-19 pandemic in the preparation of financial results resulting out of fair valuation of these investments. However the impact assessment of COVID-19 is a continuing process

given its nature and duration. The Company will continue to monitor for any material changes to future economic conditions

During the lockdown your company migrated to 100% work from home scenario and all the business operations continue to run smoothly.

RISKS AND CONCERNS

The very nature of the Company's business makes it subject to various kinds of risks. The Company encounters credit risk and operational risks in its daily business operations. Further the performance of the Company is dependent on the capital markets for its returns. Even though it is envisaged that Indian stock market will continue to do well, global concerns can result in sharp corrections.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate system of internal controls to ensure accuracy of accounting records, compliance with all laws & regulations and compliance with all rules, procedures & guidelines prescribed by the management. An extensive internal audit is carried out by independent firm. An internal team of inspection also regularly visits branches for ensuring regulatory compliance. Post audit reviews are also carried out to ensure follow up on the observations made.

HUMAN RESOURCES

During the year under review there has been no material development on the Human Resource/Industrial Relations front during the year. The Company places significant importance to its human capital. As on March 31, 2021 there are 9 employees employed by the Company.

The Company has been paying special attention to improve the skill set of the employees.

FINANCIAL PERFORMANCE AND OPERATIONAL REVIEW

The paid up equity share capital of the Company as on March 31, 2021 stands at Rs. 19,63,50,000/- divided into 1,96,35,000 fully paid up equity shares of Rs. 10/- each.

Net Worth

The Net Worth of the Company stands at Rs. 2751.62 lakhs.

Total Income

During the year total income was reported at Rs. 129.06 lakhs.

Credit Facilities

The Company has not availed any credit facility. It has consistently been able to meet its financial needs through internal accruals.

Finance Cost

The finance cost of the Company stands at Rs. 0.96 lakhs.

Tax Expense

The Company has incurred a tax expense of Nil in the current year.

INVESTMENT IN SUBSIDIARIES

The company continues to have one subsidiary in the name of Sukartik Clothing Private Limited. There has not been any fresh investment in the company during the year.

CAUTIONARY STATEMENT

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be forward looking within the meaning of applicable laws and regulations. Actual results may differ from those expressed or implied. Investors are advised to exercise due care and caution while interpreting these statements.

INDEPENDENT AUDITOR'S REPORT

To
The Board of Directors
Garnet International Limited

Report on the audit of the Standalone Financial Results

Opinion

We have audited the Standalone Financial results of Garnet International Limited (the "Company") for the year ended March 31, 2021 included in the accompanying statement of "Standalone Financial results for the quarter and year ended 31st March, 2021 ("Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 and 52(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- i. is presented in accordance with the requirements of the Listing Regulations in this regard; and
- ii. gives a true and fair view in conformity with the applicable accounting standards and other accounting principles generally accepted in India, of the net loss, other comprehensive loss and other financial information of the Company for the quarter and year ended March 31, 2021.

Basis for Qualified Opinion

1. *Company has granted interest free unsecured loan to its subsidiary company (parties covered under section 186 of the Companies Act, 2013), which is in non-compliance of provisions of Section 186(7) of the Act.*

The Impact of this contravention on the profit/loss and the liability is not ascertainable readily.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the year ended March 31, 2021. These matters were

addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter in our audit of the Company for the year ended March 31, 2021:

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Fair Valuation of investments</p> <p>The Company's investments (other than investment in Subsidiary) are measured at fair value at each reporting date and these fair value measurements significantly impact the Company's results. Within the Company's investment portfolio, the valuation of certain assets such as unquoted equity requires significant judgement as a result of quoted prices being unavailable and limited liquidity in these markets.</p>	<p>We have assessed the Company's process to compute the fair value of various investments. For quoted instruments we have independently obtained market quotations and recalculated the fair valuations. For the unquoted instruments, we have obtained an understanding of the various valuation methods used by management and analysed the reasonableness of the principal assumptions made for estimating the fair values and various other data used while arriving at the fair value measurement.</p>

Information Other than the Standalone Ind AS financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors' Report (including annexures) and Report on Corporate Governance, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Results

The Statement has been prepared on the basis of the standalone annual financial statements. The Board of Directors of the Company is responsible for the preparation and presentation of the Statement that gives a true and fair view of the net loss and other comprehensive loss of the Company and other financial information in accordance with the applicable accounting standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India

and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Statement, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3Xi) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- iv. Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention

in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- v. Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

ANNEXURE 'A' TO INDEPENDENT AUDITORS' REPORT

Referred to in our report of even date on the accounts of Garnet International Limited for the year ended on 31st March, 2021

As required by the Companies (Auditors Report) Order, 2016 issued by the Government of India in terms of section 143(11) of the Act and on the basis of such checks as we considered appropriate and as per information and explanations given to us, we report that:-

1.
 - a) The Company has maintained proper records showing full particulars including quantitative details and situations of its fixed assets.
 - b) All the fixed assets have not been physically verified by the management during the year but there is a regular program of verification which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. No material discrepancies were noticed on such verification.
 - c) The title deeds of immoveable properties are held in the name of the Company.
2. The inventory of the company comprises equity shares, which are in dematerialized form, and which have been verified by the management with reference to holding statement from depository participant. In our opinion, the procedure of verification of inventory followed by the management is satisfactory. Further, the company is maintaining proper records of its inventory and no discrepancies were noticed on verification.
3.
 - (a) According to information made available to us, the company has granted unsecured loan to one (1) subsidiary company covered in the register maintained under section 189 of the Act and in our opinion the terms and conditions of such loan are not prejudicial to the company's interest.
 - (b) As per the information and explanation given to us, the said loans are repayable on demand.
 - (c) As per the information and explanation given to us, no amount is overdue for more than ninety days towards principal as well as interest.
4. In our opinion and according to the information and explanations given to us, the Company has not given loan to any director in accordance with the provisions of Section 185 of the Companies Act, 2013. The Company has not given any loans or guarantees and being a Non-banking financial company, its investments are exempted under section 186(11) (b), hence the Company has complied with the provisions of Section 185 and 186 of the Act, as applicable.
5. On the basis of information and explanation given to us and on our scrutiny of company's records, in our opinion, the company has not accepted any deposits from the public.
6. To the best of our knowledge and belief and according to information given to us, Central Government has not prescribed maintenance of cost records under sub-section (1) of section 148 to the Act for any of the activities of the Company.
7.
 - (a) According to the information and explanation given to us the company is generally regular in depositing with appropriate authorities the undisputed statutory dues including Provident Fund, Employees' State Insurance, Income tax, Goods and Service tax and any other statutory dues applicable to it. Further, there were no arrears of undisputed statutory dues outstanding as at last day of the financial year concerned for a period of more than six month from the date they became payable.
On the basis of the records of the Company and the information and explanations given to us, there was no arrears of outstanding statutory dues as on the last day of the financial year

concerned outstanding for a period of more than six months from the date they became payable.

- (b) According to the records of the Company and according to the information and explanations given to us, there are no dues of Income Tax, Goods and Service Tax, Duty of Customs, Duty of Excise, Value added tax and Cess which have not been deposited on account of any dispute.
8. The Company has no borrowings from financial institution, bank, government and the Company has no debenture holders. Accordingly, clause (viii) of paragraph 3 of the aforesaid Order is not applicable to the Company.
 9. According to the information and explanations given to us, the company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) or term loans during the year. Accordingly, clause (ix) of paragraph 3 of the aforesaid Order is not applicable to the Company.
 10. Based on audit procedures performed and according to the information and explanations given to us, we report that no fraud on or by the company has been noticed or reported during the year.
 11. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid managerial remuneration in accordance with the requisite approval mandated by provisions of Section 197 read with Schedule V of the Companies Act, 2013
 12. The Company is not a Nidhi Company. Accordingly, clause (xii) of paragraph 3 of the aforesaid Order is not applicable to the Company.
 13. According to the information and explanations given to us, all the transactions with the related parties are in compliance with the provisions of sections 177 and 188 of Companies Act, 2013 and the details of such transactions have been properly disclosed in the Financial Statements as required by the applicable accounting standards.
 14. According to the information made available to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause (xiv) of the Order are not applicable
 15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with them.
 16. The Company has obtained the requisite registration as a non-banking financial institution under section 45 – IA of the Reserve Bank of India Act, 1934.

Annexure "B" to Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act,

Report on the Standalone Financial Statements

We have audited the internal financial controls over financial reporting of Garnet International Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for laying down and maintaining internal financial controls based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

In view of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(i) Statement of compliance with Indian Accounting Standards (Ind AS)

These standalone financial statements (‘the Financial Statements’) have been prepared in accordance with the Indian Accounting Standards (‘Ind AS’) as notified by Ministry of Corporate Affairs (‘MCA’) under Section 133 of the Companies Act, 2013 (‘Act’) read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies for all the periods presented in this financial statement.

The financial statements for the year ended March 31, 2021 are the first financial statements which has been prepared in accordance with Ind AS and other applicable guidelines issued by the Reserve Bank of India (‘RBI’).

The financial statements for the year ended March 31, 2021 were authorised and approved for issue by the Board of Directors on June 30, 2021.

(ii) Historical cost convention

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities and share based payments which are measured at fair values as explained in relevant accounting policies.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared using the significant accounting policies and measurement bases summarised as below. These policies are applied consistently for all the periods presented in the financial statements, except where the Company has applied certain accounting policies and exemptions upon transition to Ind AS.

3.1 **Property, plant and equipment:**

a. Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss.

b. Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the written down

method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

c. De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss, when the asset is de-recognised.

d. Capital work-in-progress

Capital work-in-progress is carried at cost, comprising direct cost and related incidental expenses acquire property, plant and equipment. Assets which are not ready to intended use are also shown under capital work-in-progress.

e. Transition to Ind AS

The Company has elected to measure all its property, plant and equipment at the previous GAAP carrying amount as its deemed cost on the date of transition of Ind AS i.e. April 1, 2018.

3.2 Intangible assets:

a. Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including any import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

b. Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of 3 years from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

c. Transition to Ind AS

The Company has elected to measure all its intangible assets at the previous GAAP carrying amount as its deemed cost on the date of transition of Ind AS i.e. April 1, 2018.

3.3 Revenue Recognition:

a. Sale of assets

Revenue from the sale of assets (shares and securities) is recognised when the significant risks and rewards of ownership have passed to the buyer, based on the applicable terms. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and the revenue recognition criteria have been complied.

b. Interest

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the amortised cost and at the effective interest rate applicable.

c. Dividend income

Dividend income is recognised at the time when the right to receive is established by the reporting date.

d. Miscellaneous income

All other income is recognised on an accrual basis, when there is no uncertainty in the ultimate realisation/collection.

3.4 Borrowing costs:

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use, are capitalised. Borrowing cost consists of interest and other cost that the Company incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred basis the effective interest rate method.

3.5 Taxation

Tax expense recognised in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognised in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

3.6 Employee benefits

Short-term employee benefits

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:

Defined contribution plans

The Company has a defined contribution plans namely provident fund, pension fund and employees state insurance scheme. The contributions made by the Company in respect of these plans are charged to the Statement of Profit and Loss.

Defined benefit plans

The following post – employment benefit plans are covered under the defined benefit plans:

Gratuity Fund

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income.

Other long-term employee benefits

The Company also provides the benefit of compensated absences to its employees which are in the nature of long-term employee benefit plan. Liability in respect of compensated absences becoming due and expected to availed after one year from the Balance Sheet date is estimated in the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to Statement of Profit and Loss in the year in which such gains or losses are determined.

3.7 Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. For the purposes of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets, is considered as a cash generating unit. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists or may have decreased, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

3.8 Financial instruments

A Financial instrument is any contract that gives rise to financial asset of one entity and a financial liability or equity instrument of another party.

I. Financial Assets

a. Initial recognition:

The Company classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement. Financial instruments are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial instruments are recognized initially at fair value plus transactions costs that are directly attributable to the acquisition or issue of the financial instrument, except for financial assets at fair value through statement of profit and loss, which are initially measured at fair value, excluding transaction costs (which is recognized in statement of profit and loss).

b. Subsequent measurement:

i. Financial assets carried at amortized cost (AC): - A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income (FVTOCI): - All equity instruments are measured at fair value. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in OCI. The Company makes such election on an instrument-by-instrument basis.

If the Company decides to classify an equity instrument as FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI. There is no recycling of the amount from OCI to statement of profit and loss, even on sale of the instrument. However, the Company may transfer the cumulative gain or loss within the equity.

iii. Financial assets at fair value through statement of profit and loss (FVTPL) Equity instruments: - Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

c. De-recognition:

A Financial Asset (or where applicable, part of financial asset) is primarily derecognized when the contractual right to receive cash flows from the asset has expired or the Company has transferred its right to receive cash flow from the financial asset and consequently all the risks and rewards of ownership of the asset to third party.

d. Impairment of financial assets:

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through Statement of Profit and Loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit loss are measured at an amount equal to the twelve month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

II. Financial Liabilities

a. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of loans and borrowings and payables, net of directly attributable cost. The Company's financial liabilities include trade and other payable and loans and borrowings.

b. Subsequent measurement:

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate (EIR) method. Gains and losses are recognized in statement of profit and loss when liabilities are de-recognized. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance cost in the statement of profit and loss. Short term borrowings maturing within one year from the balance sheet date are measured at fair value at the balance sheet date due to short maturity.

c. De-recognition:

A financial liability is derecognized where the obligation under the liability is discharged or cancelled or expires where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified. Such an exchange or modification is treated as the de-recognition of the original liability and the recognition of new liability. The difference in the respective carrying amounts is recognized in the statement of Profit and Loss.

III. Reclassification of financial assets and liabilities

Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets and financial liabilities.

IV. Offsetting of financial instruments

Financial assets and financial liabilities including derivative instruments are offset and the net amount is reported in the Balance sheet, if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

V. Fair value measurement

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement" (Ind AS - 113). For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach which have been dealt with separately in the said Ind AS.

Each of the valuation techniques stated as above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any particular method of valuation depends on the Company being evaluated, the nature of industry in which it operates, the Company's intrinsic strengths and the purpose for which the valuation is made.

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

3.9 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand (including imprest), demand deposits and short-term highly liquid investments (certificate of deposits and commercial paper) that are readily convertible into known amount of cash and which are subject to an insignificant risk of changes in value. The Company has netted off the balance of bank overdraft with cash and cash equivalents for cash flow statement.

3.10 Equity investment in subsidiaries

Investments representing equity interest in subsidiaries are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

3.11 Provisions, contingent assets and contingent liabilities

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

3.12 Leases

Company as a lessee

At the inception of each lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

Finance leases

Assets leased by the Company in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. A finance lease is recognised as an asset and a liability at the commencement of the lease, at the lower of the fair value of the asset and the present value of the minimum lease payments.

Minimum lease payments made under finance leases are apportioned between finance charges and reduction of the lease liability. The Finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases

Leases in which the lessor does not transfer substantially all the risks and rewards of ownership of an asset to the lessee are classified as operating leases. Lease rental are charged to statement of profit and loss on straight

line basis except where scheduled increase in rent compensates the lessor for expected inflationary costs.

3.13 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.14 Segment reporting

The Company identifies segment basis of the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are regularly reviewed by the CODM ('chief operating decision maker') and in assessing performance. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship with the operating activities of the segment.

3.15 Government grants

Grants and subsidies from the government are recognised when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

Grant or subsidy relates to revenue, it is recognised as income on a systematic basis in profit or loss over the periods necessary to match them with the related costs, which they are intended to compensate.

3.16 Significant management judgment in applying accounting policies and estimation uncertainty

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

a. Fair Valuation:

Some of the company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset and liability, the company uses market observable data to the extent it is available. When Level 1 inputs are not available, the company engages third party qualified external valuers to establish the appropriate valuation techniques and inputs to the valuation model. Such valuations are based on existing circumstances and assumptions about future developments which may change due to market changes or circumstances arising that are beyond the control of the Company which may have impact on such valuations.

b. Expected Credit Loss:

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the company's historical experience and credit assessment and including forward-looking information.

c. Impairment loss in Investments carried at cost:

The Company conducts impairment reviews of investments whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable or tests for impairment annually. Determining whether an asset is impaired requires an estimation of the recoverable amount, which requires the Company to estimate the value in use based on future cash flows and a suitable discount rate in order to calculate the present value.

d. Useful life of Assets:

Depreciation on property, plant and equipment is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

e. Deferred Taxes

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced.

V) Sensitivity analysis for gratuity liability

The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points.

Particulars	31 March 2021		31 March 2020	
	Increase	Decrease	Increase	Decrease
Discount rate (50 bps movement)	-5.20%	5.61%	-5.30%	5.72%
Rate of increase in salaries (50bps movement)	5.55%	-5.20%	5.66%	-5.29%

The above Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any.

B. Fair values hierarchy

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

B.1 Financial assets and liabilities measured at fair value - recurring fair value measurements

As at March 31, 2021	Level 1	Level 2	Level 3	Total
Assets				
Investments at fair value through profit and loss (refer Note 8)	0.16	-	-	0.16
As at March 31, 2020				
Assets				
Investments at fair value through profit and loss (refer Note 8)	145.00	-	-	145.00

Valuation

The fair values of the financial assets and liabilities (other than above) are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent.

Financial assets and liabilities measured at fair value as at Balance Sheet date:

(i) Short-term financial assets and liabilities are stated at carrying value which is approximately equal to their fair value.

(ii) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments(other than above), the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

Notes to the Standalone financial statements for the year ended 31st March 2021**C. Financial Risk Management Framework**

The Company's business activities are exposed to a variety of financial risks, namely market risk, liquidity risk, interest rate risk and credit risk. The Company's management and the Board of Directors has the overall responsibility for establishing and governing the Company's risk management framework. The Board of Directors which is responsible for developing and monitoring the Company's risk management policies. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the Company.

i) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. Financial instruments that are subject to credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, other balances with banks and other financial assets. None of the financial instruments of the Company result in material credit risk.

Credit risk with respect to trade receivables are limited, due to the Company has a policy of dealing only with credit worthy counter parties and obtaining sufficient collateral, where appropriate as a means of mitigating the risk of financial loss from defaults. All trade receivables are reviewed and assessed for default on a quarterly basis. Our historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets.

Credit risk on cash and cash equivalents, other bank balances with bank is limited as the Company generally invest in deposits with banks.

The Company's maximum exposure to credit risk as at 31st March, 2021 and 2020 is the carrying value of each class of financial assets.

ii) Liquidity risk

The Company's principal sources of liquidity are cash and cash equivalents' and cash flows generated from operations. The Company believes that its working capital is sufficient to meet the financial liability. The company has no borrowings. The Company has invested its surplus funds in fixed deposits with banks, thereby ensuring safety of capital and availability of liquidity as and when required. Hence, the Company carries a negligible liquidity risk.

The Company maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended 31st March, 2021 and 31st March, 2020. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis. The Company invests its surplus funds in bank fixed deposit which carry no or low market risk.

iii) Market Risk

Market risk is the risk that the changes in market prices such as interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a) Interest rate risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to borrowing obligations. The Company has no borrowings and hence the Interest rate risk is negligible.

b) Price risk

The Company's exposure to price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit and loss. To manage the price risk arising from investments, the Company diversifies its portfolio of assets.

To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio across capitalisation sectors with large cap bias and active monitoring of the portfolio using effective strategic tools. Diversification of the portfolio is as per the Investment policy of the Company.

Notes to the Standalone financial statements for the year ended 31st March 2021

INDEPENDENT AUDITOR'S REPORT

To
The Board of Directors of
Garnet International Limited

Report on the audit of the Consolidated Financial Results

Opinion

We have audited the Consolidated Financial results of Garnet International Limited ("Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as the Group") for the year ended March 31, 2021 included in the accompanying statement of "Consolidated Financial results for the quarter and year ended 31st March, 2021 ("Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 and 52(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- i. includes the result of one subsidiary : Sukartik Clothing Private Limited
- ii. is presented in accordance with the requirements of the Listing Regulations in this regard; and
- iii. gives a true and fair view in conformity with the applicable accounting standards, and other accounting principles generally accepted in India, of the consolidated net profit, other comprehensive loss and other financial information of the Group for the quarter and year ended March 31, 2021.

Basis for Qualified Opinion

1. *Company has granted interest free unsecured loan to its subsidiary company (parties covered under section 186 of the Companies Act, 2013), which is in non-compliance of provisions of Section 186(7) of the Act.*
2. *In the Consolidated Financial Statements, the Subsidiary company has not made provision for Employee benefits as per IND-AS 19 which deals with "Employee Benefits"*

The Impact of the above contravention on the profit/loss and the liability is not ascertainable readily.

We conducted our audit in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Results" section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in "Other Matter" paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the year ended March 31, 2021. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter in our audit of the Company for the year ended March 31, 2021:

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Fair Valuation of investments</p> <p>The Company's investments are measured at fair value at each reporting date and these fair value measurements significantly impact the Company's results. Within the Company's investment portfolio, the valuation of certain assets such as unquoted equity requires significant judgement as a result of quoted prices being unavailable and limited liquidity in these markets.</p>	<p>We have assessed the Company's process to compute the fair value of various investments. For quoted instruments we have independently obtained market quotations and recalculated the fair valuations. For the unquoted instruments, we have obtained an understanding of the various valuation methods used by management and analysed the reasonableness of the principal assumptions made for estimating the fair values and various other data used while arriving at the fair value measurement.</p>

Information Other than the Consolidated Ind AS financial statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Directors' Report (including annexures) and Report on Corporate Governance, but does not include the Consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Consolidated Financial Results

The Statement has been prepared on the basis of the consolidated annual financial statements. The Holding Company's Board of Directors is responsible for the preparation and presentation of the Statement that give a true and fair view of the net profit and other comprehensive loss and other financial information of the Group including in accordance with the applicable accounting standards prescribed under section 133 of the Act read with relevant rules issued there under and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Statement by the Directors of the Holding Company, as aforesaid.

In preparing the Statement, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for

- expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
 - iv. Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - v. Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represent the underlying transactions and events in a manner that achieves fair presentation.
 - vi. Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the entities within the Group of which we are the independent auditors, to express an opinion on the Statement. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the Statement of which we are the independent auditors.

We communicate with those charged with governance of the Holding Company and such other entities included in the Statement of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We also performed procedures in accordance with the Circular issued by the SEBI under Regulation 33 (8) of the Listing Regulations, as amended, to the extent applicable.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, we report, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated statement of changes in equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid Consolidated Ind AS financial statements comply with the Ind AS specified under section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company and its subsidiary

company, none of the directors of the Group companies incorporated in India is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the group and the operating effectiveness of such controls, refer to our separate report in Annexure 'B'.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the holding Company to its managing director during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us, we further report that:
- i. The Group has no pending litigation which may impact Consolidated financial position of the Group;
 - ii. The Group did not have any Long Term Contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.

Annexure "B" to Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act,

Report on the Consolidated Financial Statements

We have audited the internal financial controls with reference to the consolidated Ind AS financial statements of Garnet International Limited ("hereinafter referred to as "the Holding Company"), its subsidiary company incorporated in India, as of March 31, 2021 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary company incorporated in India are responsible for establishing and maintaining internal financial controls with reference to consolidated Ind AS financial statements based on the criteria established by the Holding Company and its subsidiary company incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to these consolidated Ind AS financial statements included obtaining an understanding of internal financial controls with reference to these consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to these consolidated Ind AS financial statements..

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control with reference to these consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Ind-As financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

In view of the inherent limitations of internal financial controls with reference to these consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these consolidated Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to these consolidated Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information, according to the explanations given to us, and based on the consideration of reports of the other auditors referred to in the Other Matter Paragraph below, the Holding Company and its subsidiary company incorporated in India, have, in all material respects, an adequate internal financial controls with reference to these consolidated Ind AS financial statements and such internal financial controls with reference to these consolidated Ind AS financial statements were operating effectively as at March 31, 2021, based on the internal financial controls with reference to the financial statements criteria established by the Holding Company, its subsidiary company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Notes to Consolidated Financial Statements for the year ended 31st March 2021:**1. COMPANY OVERVIEW**

Garnet International Limited (‘the Company’) is a Non-Banking Finance Company (‘NBFC’), holding a Certificate of Registration from the Reserve Bank of India (‘RBI’). The Company is non deposit accepting NBFC engaged in financial services. The Company is domiciled in India and its registered office is situated at 901, Raheja Chambers, Free Press Journal Marg, Nariman Point, Mumbai 400021.

The consolidated financial statements relate to Garnet International limited (hereinafter referred to as ‘the holding Company’ and its subsidiary (collectively hereinafter referred to as ‘Group’) as detailed below:

Name of Subsidiaries	Principle Place of Business	Ownership Interest	
		As at 31.03.2021	As at 31.03.2020
Sukartik Clothing Private Limited	India	70.10%	70.10%

2. BASIS OF PREPARATION:**(i) Statement of compliance with Indian Accounting Standards (Ind AS)**

These Consolidated financial statements (‘the Financial Statements’) have been prepared in accordance with the Indian Accounting Standards (‘Ind AS’) as notified by Ministry of Corporate Affairs (‘MCA’) under Section 133 of the Companies Act, 2013 (‘Act’) read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Group has uniformly applied the accounting policies for all the periods presented in this financial statement.

The consolidated financial statements for the year ended March 31, 2021 are the first consolidated financial statements which has been prepared in accordance with Ind AS and other applicable guidelines issued by the Reserve Bank of India (‘RBI’).

The consolidated financial statements for the year ended March 31, 2021 were authorised and approved for issue by the Board of Directors on June 30, 2021.

(ii) Historical cost convention

The consolidated financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the consolidated financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities and share based payments which are measured at fair values as explained in relevant accounting policies.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared using the significant accounting policies and measurement bases summarised as below. These policies are applied consistently for all the periods presented in the consolidated financial statements, except where the Group has applied certain accounting policies and exemptions upon transition to Ind AS.

3.1 Principles of Consolidation

The consolidated financial statements incorporate the financial statements of the Holding Company and entities controlled by the Holding Company i.e., its subsidiaries.

Control is achieved when the Holding Company is exposed to, or has rights to the variable returns of the entity and the ability to affect those returns through its power over the entity.

Subsidiary Companies

The Group combines the financial statements of the Holding Company and its subsidiary companies line-by-line adding together like items of assets, liabilities, equity, income and expenses. The intra group balances and intra group transactions between the entities within the Group are fully eliminated.

Non Controlling Interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Consolidated Balance Sheet respectively.

The difference between the costs of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the consolidated financial statements as Goodwill or Capital reserve as the case may be.

3.2 Property, plant and equipment:

a. Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss.

b. Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the written down method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

c. De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss, when the asset is de-recognised.

d. Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses acquire property, plant and equipment. Assets which are not ready to intended use are also shown under capital work-in-progress.

e. Transition to Ind AS

The Group has elected to measure all its property, plant and equipment at the previous GAAP carrying amount as its deemed cost on the date of transition of Ind AS i.e. April 1, 2018.

3.3 Intangible assets:

a. Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including any import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

b. Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of 3 years from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

c. Transition to Ind AS

The Group has elected to measure all its intangible assets at the previous GAAP carrying amount as its deemed cost on the date of transition of Ind AS i.e. April 1, 2018.

3.4 Revenue Recognition:

a. Sale of assets

Revenue from the sale of assets is recognised when the significant risks and rewards of ownership have passed to the buyer, based on the applicable terms. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Group and the revenue recognition criteria have been complied.

b. Interest

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the amortised cost and at the effective interest rate applicable.

c. Dividend income

Dividend income is recognised at the time when the right to receive is established by the reporting date.

d. Miscellaneous income

All other income is recognised on an accrual basis, when there is no uncertainty in the ultimate realisation/collection.

3.5 Borrowing costs:

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use, are capitalised. Borrowing cost consists of interest and other cost that the Group incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Consolidated Statement of Profit and Loss as incurred basis the effective interest rate method.

3.6 Taxation

Tax expense recognised in Consolidated Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognised in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax

amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

3.7 Employee benefits

Short-term employee benefits

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

"Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:"

Defined contribution plans

The Holding Company has a defined contribution plans namely provident fund, pension fund and employees state insurance scheme. The contributions made by the Holding Company in respect of these plans are charged to the Statement of Profit and Loss.

Defined benefit plans

The following post – employment benefit plans are covered under the defined benefit plans:

Gratuity Fund

The Holding Company provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of

employment with the Company. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income.

Other long-term employee benefits

The Company also provides the benefit of compensated absences to its employees which are in the nature of long-term employee benefit plan. Liability in respect of compensated absences becoming due and expected to be availed after one year from the Balance Sheet date is estimated in the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to Statement of Profit and Loss in the year in which such gains or losses are determined.

3.8 Impairment of Assets

The Group assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. For the purposes of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets, is considered as a cash generating unit. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists or may have decreased, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

3.9 Financial instruments

A Financial instrument is any contract that gives rise to financial asset of one entity and a financial liability or equity instrument of another party.

I. Financial Assets

a. Initial recognition:

The Group classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement. Financial instruments are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial instruments are recognized initially at fair value plus transactions costs that are directly attributable to the acquisition or issue of the financial instrument, except for financial assets at fair value through statement of profit and loss, which are initially measured at fair value, excluding transaction costs (which is recognized in statement of profit and loss).

b. Subsequent measurement:

i. Financial assets carried at amortized cost (AC): - A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income (FVTOCI): - All equity instruments are measured at fair value. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in OCI. The Group makes such election on an instrument- by-instrument basis.

If the Group decides to classify an equity instrument as FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI. There is no recycling of the amount from OCI

to statement of profit and loss, even on sale of the instrument. However, the Group may transfer the cumulative gain or loss within the equity.

iii. Financial assets at fair value through statement of profit and loss (FVTPL) Equity instruments: - Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

c. De-recognition:

A Financial Asset (or where applicable, part of financial asset) is primarily derecognized when the contractual right to receive cash flows from the asset has expired or the Group has transferred its right to receive cash flow from the financial asset and consequently all the risks and rewards of ownership of the asset to third party.

d. Impairment of financial assets:

The Group recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through Consolidated Statement of Profit and Loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit loss are measured at an amount equal to the twelve month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

II. Financial Liabilities

a. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of loans and borrowings and payables, net of directly attributable cost. The Group's financial liabilities include trade and other payable and loans and borrowings.

b. Subsequent measurement:

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate (EIR) method. Gains and losses are recognized in statement of profit and loss when liabilities are de-recognized. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance cost in the statement of profit and loss. Short term borrowings maturing within one year from the balance sheet date are measured at fair value at the balance sheet date due to short maturity.

c. De-recognition:

A financial liability is derecognized where the obligation under the liability is discharged or cancelled or expires where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified. Such an exchange or modification is treated as the de-recognition of the original liability and the recognition of new liability. The difference in the respective carrying amounts is recognized in the statement of Profit and Loss.

III. Reclassification of financial assets and liabilities

Group determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets and financial liabilities.

IV. Offsetting of financial instruments

Financial assets and financial liabilities including derivative instruments are offset and the net amount is reported in the Balance sheet, if there is a currently enforceable legal right to offset the recognized amounts

and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously

V. Fair value measurement

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement" (Ind AS - 113). For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach which have been dealt with separately in the said Ind AS.

Each of the valuation techniques stated as above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any particular method of valuation depends on the Company being evaluated, the nature of industry in which it operates, the Company's intrinsic strengths and the purpose for which the valuation is made.

In determining the fair value of financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

3.10 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand (including imprest), demand deposits and short-term highly liquid investments (certificate of deposits and commercial paper) that are readily convertible into known amount of cash and which are subject to an insignificant risk of changes in value. The Group has netted off the balance of bank overdraft with cash and cash equivalents for consolidated cash flow statement.

3.11 Provisions, contingent assets and contingent liabilities

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

"Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made."

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

3.12 Leases

As a lessee

At the inception of each lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

Finance leases

Assets leased by the Group in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Group are classified as finance leases. A finance lease is recognised as an asset and a liability at the commencement of the lease, at the lower of the fair value of the asset and the present value of the minimum lease payments.

Minimum lease payments made under finance leases are apportioned between finance charges and reduction of the lease liability. The Finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases

Leases in which the lessor does not transfer substantially all the risks and rewards of ownership of an asset to the lessee are classified as operating leases. Lease rental are charged to statement of profit and loss on straight line basis except where scheduled increase in rent compensates the lessor for expected inflationary costs.

3.13 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.14 Segment reporting

The Group identifies segment basis of the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are regularly reviewed by the CODM ('chief operating decision maker') and in assessing performance. The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship with the operating activities of the segment.

3.15 Government grants

Grants and subsidies from the government are recognised when there is reasonable assurance that (i) the Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

Grant or subsidy relates to revenue, it is recognised as income on a systematic basis in profit or loss over the periods necessary to match them with the related costs, which they are intended to compensate.

3.16 Significant management judgment in applying accounting policies and estimation uncertainty

The preparation of the consolidated financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that

the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

a. Fair Valuation:

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset and liability, the Group uses market observable data to the extent it is available. When Level 1 inputs are not available, the Group engages third party qualified external valuers to establish the appropriate valuation techniques and inputs to the valuation model. Such valuations are based on existing circumstances and assumptions about future developments which may change due to market changes or circumstances arising that are beyond the control of the Group which may have impact on such valuations.

b. Expected Credit Loss:

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and credit assessment and including forward-looking information.

c. Impairment loss in Investments carried at cost:

The Group conducts impairment reviews of investments whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable or tests for impairment annually. Determining whether an asset is impaired requires an estimation of the recoverable amount, which requires the Group to estimate the value in use based on future cash flows and a suitable discount rate in order to calculate the present value.

d. Useful life of Assets:

Depreciation on property, plant and equipment is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

e. Deferred Taxes

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Group considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced.

Notes to the Consolidated financial statements for the year ended 31st March 2021**B. Fair values hierarchy**

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows::

The categories used are as follows

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

B.1 Financial assets and liabilities measured at fair value - recurring fair value measurements

Investments at fair value through profit and loss (refer Note 8)	144.99	-	-	144.99

Valuation

The fair values of the financial assets and liabilities (other than above) are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent.

Financial assets and liabilities measured at fair value as at Balance Sheet date:

- (i) Short-term financial assets and liabilities are stated at carrying value which is approximately equal to their fair
- (ii) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments (other than above), the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

C. Financial Risk Management Framework

The Group's business activities are exposed to a variety of financial risks, namely market risk, liquidity risk, interest rate risk and credit risk. The Group's management and the Board of Directors has the overall responsibility for establishing and governing the Group's risk management framework. The Board of Directors of Holding and subsidiary companies which are responsible for developing and monitoring the Company's risk management policies. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the Holding Company.

i) Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations. Financial instruments that are subject to credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, other balances with banks and other financial assets. None of the financial instruments of the Group result in material credit risk.

Notes to the Consolidated financial statements for the year ended 31st March 2021

Credit risk with respect to trade receivables are limited, due to the Group has a policy of dealing only with credit worthy counter parties and obtaining sufficient collateral, where appropriate as a means of mitigating the risk of financial loss from defaults. All trade receivables are reviewed and assessed for default on a quarterly basis. Our historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets.

Credit risk on cash and cash equivalents, other bank balances with bank is limited as the Group generally invest in deposits with banks.

The Company's maximum exposure to credit risk as at 31st March, 2021 and 2020 is the carrying value of each class of financial assets

ii) Liquidity risk

The Group's principal sources of liquidity are cash and cash equivalents' and cash flows generated from operations. The Group believes that its working capital is sufficient to meet the financial liability. The Holding company has no borrowings. The Group has invested its surplus funds in fixed deposits with banks, thereby ensuring safety of capital and availability of liquidity as and when required. Hence, the Company carries a negligible liquidity risk.

The Holding and subsidiary Companies have maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended 31st March, 2021 and 31st March, 2020. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis. The Group invests its surplus funds in bank fixed deposit which carry no or low market risk.

iii) Market Risk

Market risk is the risk that the changes in market prices such as interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a) Interest rate risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Group's cash flows as well as costs. The Group is subject to variable interest rates on some of its interest bearing liabilities. The Group's interest rate exposure is mainly related to borrowing obligations.

b) Price risk

The Company's exposure to price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit and loss. To manage the price risk arising from investments, the Company diversifies its portfolio of assets.

To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio across capitalisation sectors with large cap bias and active monitoring of the portfolio using effective strategic tools. Diversification of the portfolio is as per the Investment policy of the Company.

Note 43: The impact of Covid -19 pandemic was felt across the economy and business segments. The stock exchanges were permitted to function uninterrupted during the lockdown and as such investment and related operations of the Company were not affected substantially. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of financial and non financial assets held by the Company. Consequent to significant opening up of the economic activity in the country, the demand for the Subsidiary company's products has improved compared to that during the initial phases of Covid-19 including the lock down period. All the business segments of the Subsidiary Company have substantially recovered as at year end. In preparation of these financial statements, the Group has taken into account both the current situation and likely future developments.

Note 44: No amount is due to Micro, Small or Medium Enterprises.

Previous year's figures have been re-grouped/ re-classified, wherever necessary, to make them comparable with the current year's figures.
